

The Golden Era of Hollywood is said to have begun in the late 1920's, during the end of the silent film era, and continued through the late 1950's. The 1927 release of *The Jazz Singer* signaled an end to silent films and box office receipts started to climb.

Building a The Golden Era of Hollywood.

The technology is ready to reinvigorate The Golden Era of Hollywood by building interest-based communities for classic legends. Popular legends need to reach everyone. Name recognition alone fails to increase audiences. We build vibrant communities for your favorite Icon. We use Interaction with popular social media tools, impressive technology, shared interest experiences, with engaging chat, and building a sense of belonging to a growing fan group.

There is a massive opportunity with legendary celebrities. Name recognition has value as its power squanders in the digital Era. Everyone is on mobile with amazing engaging shared experiences. Does your Hollywood passion deserve any less?

IPS Studios unleashes the evolving, incredible technology in your pocket or purse.
